

Using the *God's Way* CD

We praise the Lord for the opportunity to provide the *God's Way* supplemental CD! We trust you find these additional files helpful in your quest to reach teens for Christ.

What's on the CD?

You will find the visuals and handouts from *God's Way* in both black-and-white and colour, in A4 (21 cm x 29.7 cm) and U.S. letter (8½ x 11 inches) sizes. A3 and US Tabloid (11 x 17 inches) versions of the lesson 12 game are also included, again in colour and black-and-white.

They are saved as Adobe® Acrobat® PDF version 5 files. If you do not have a current version of Acrobat Reader, you can download the free programme from:

<http://www.adobe.com/products/acrobat/readstep2.html>.

We've also included the visuals in Microsoft PowerPoint® format for use with larger groups. Please note the font used in the PowerPoint is Impact, and if you don't have that font, you will need to select a new one and adjust the presentation.

There are also two other PowerPoint® files. The first one is for lesson three and includes photos of bridges from around the world. The second file is for lesson 12 and includes photos of road signs. If none of these signs are used in your country, feel free to use your own photos for this exercise. *Please note: all of these photos are copyrighted, so please do not use them for any other purpose than your teen group.*

How to use the CD

You may print the PDF pages from any computer using this CD.

You will need either Microsoft PowerPoint® to run the presentation or the free PowerPoint Viewer 2003 application. It is available for download at: <http://www.microsoft.com/downloads>.
